

Global Metal Matrix Composite Market to reach 8.7 thousand tons valued at \$406.2 million by 2020, says a New Research Report at Ceskaa Market Research

Madison, NJ | Jan 11, 2016 | Ceskaa Market Research

Ceskaa Market Research (<http://www.ceskaa.com/shop/advanced-materials/global-metal-matrix-composites-market-2015-2020/>) has announced the addition of the [Metal Matrix Market: 2015-2020](#) report to their offering.

The global metal matrix composite demand to use in ground transportation, nuclear plants, consumer electronics, space and defense systems, aircraft industry and in other applications are in huge. The global market for metal matrix composite is growing mainly in Asia-Pacific, North America and Europe due to consumption in automotive and in defense sector. Though, in the longer-term, the developing countries, including India, China, Indonesia, and Middle East countries, are expected to create many prospects for the metal matrix composite market.

This market research report explain current market for metal matrix composites in terms of value and volume. The report also highlights the major drivers and challenges, including their profiles related to metal matrix composite market.

The global market for metal matrix composite (MMC) has been growing at an annual rate of 5.7% commensurate with the end user applications

The global volume market for metal matrix composite is expected to grow from 6.2 thousand tons in 2014 to 6.5 thousand tons in 2015 at a year-on-year (YOY) growth rate of 5.7%. In addition, the market is expected to grow at a five-year CAGR (2015 to 2020) of 5.9%, to reach 8.7 thousand tons in 2020.

This report could be used for, but not limited to, the following reasons:

- Gain an overview of the global markets for metal matrix.
- Analyse global metal matrix market on the basis of its application with data from 2014, estimates for 2015, and projections of CAGRs through 2020.
- Information on metal matrix market breakdown by end user application industry (for e.g)

"Global market for metal matrix, 2020" discusses the following aspects of global metal matrix market:

- Global metal matrix market size, share & forecast
- Segmental analysis of super capacitor, by region, end user industry by type and components
- Competitive vendor's landscape and company SWOT analysis.

About Ceskaa Research:

[Ceskaa](#) is a boutique market research company serving the global markets. We offer high quality market research reports on various industries. Our strong primary and secondary research teams are committed to assure the best market research reports and precise market data for your consideration.

Our research report provide useful insights, such as present and future market, competitive landscape, drivers, challenges, trends and pricing, which will help you to identify the opportunities and develop profitable business strategies. In-short the goal is to serve information you desire for a better decision making.

Ceskaa provide reports on 12 industries, which in are as follows:

- Advanced Material
- Automation & Control Process
- Biotechnology
- Chemical
- Electronics and Semiconductor
- Energy and Power
- Engineering & Manufacturing
- Food & Beverage
- Healthcare
- IT & Telecom

- Pharmaceutical
- Plastics
